# HISTORY OF SUNCREST FARMS

This catalog is dedicated to  
Mr. & Mrs. Herbert Wade

For years of loving concern and  
dedicated time, we wish to dedicate  
this catalog and Sale to Herbert &  
Myrtle Wade, Father and Mother,  
senior partners in Suncrest Farms.

Marvin & Jean Wade

Suncrest Farms was started near the town of Castle Rock, Washington, on logged off land that had grown back to grass and small timber. Herbert and Myrtle Wade worked the first few years with grade cows, using Milking Shorthorn bulls for sires.

In the early 40's when the boys, Marvin and Veril, were old enough to be part of the 4-H program, they bought four registered Polled Shorthorn heifers from J. W. Bennett of Hilldale Farms at Oakville, Washington. From these four animals started the registered herd. The boys exhibited the animals in 4-H and FFA at the Fairs and Shows. During these years more she stock was added as could be handled. The bull power came out of the J. W. Bennett herd from the Collynie Family.

The military service called Marvin in the early fifties. Veril, the other brother, left the cattle industry after college, as he was busy with other business interests. So the herd was culled back and a small herd remained up until 1967. At that time Hilldale Farms dispersed their large herd of Polled Shorthorns and we purchased several different bloodlines to increase our cow herd and added new bull power from this sale.

Having not shown bulls since the 40's, it was a little rough getting started again in 1968. So off we went to the Inland Empire Shorthorn Sale in Spokane.

1969 was a MUCH BETTER YEAR. We had the highest grading Shorthorn bull at the All-Breed Bull Sale at Formosa, California.

Suncrest Farms' bulls and heifers have done well at the Western Oregon-Washington Shorthorn Sale the two different years we showed there; we also participated in the Far West Shorthorn Colossal Sale at Sacramento, California in the Spring of 1970. In 1973, we had the second high selling Shorthorn bull at the Red Bluff Range Bull Sale, also Suncrest Farms has shown their bulls for the past two years at the Idaho Shorthorn Association Spring Sale at Emmett.

Bulls and some females from our herd are working in eight Western states.

Suncrest Farms had need for more and better grazing land and facilities. So in 1972 we moved the herd and our two families to South Central Idaho. At this time we purchased the start of the commercial crossbred herd. We increased the registered herd with the purchase of some animals from the Harmon Highland Ranch and Westfall herds.

The Shorthorn cattle having come from different types of grazing have adapted well to the high sparse grass conditions and are good travelers for their forage. Bulls from our herd have done well in the commercial cattle herds throughout the different areas they have gone.

# *From The Sale Manager*

Hoyt & Sons  
Burns  
Oregon

Dear Friends:

Thanks for your inquiry regarding the Suncrest Farms Shorthorn and Polled Shorthorn Dispersion Sale.

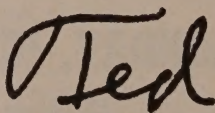

There will be 225 head in the Sale — everything sells. The herd is in excellent shape, healthwise, and is highly productive.

This is certainly a working herd of cattle. They are acclimated to the range conditions of the area and I'm sure you will be pleased with the way they will produce in your Burns area.

Keep in mind that Suncrest is providing transportation to the Idaho line nearest you on the purchase of \$2500.00 or more.

If I can be of further service, just let me know.

Sincerely yours,

A handwritten signature in cursive script that reads "Ted".
